HEALTH & WELLNESS CHECK

Gold Wellness

A Deeper Look at Your Health

Gold Wellness builds on Silver Vitality with a more detailed exploration of your health, lifestyle, and future risks.

It's ideal for people who want a fuller understanding of their wellbeing and personalised guidance to support long-term health.

It is perfect for:

- Individuals wanting a more comprehensive health review
- Employees in higher demand roles
- Early identification of lifestyle related risks

What you'll receive:

- Full medical and lifestyle review
- BMI, blood pressure and body composition readings
- Ear examination
- Q risk score (cardiovascular) and peak flow score.
- Urinalysis (sugar, protein, infection)
- Cholesterol reading - (total, high and low)
- Healthy recommendations and tailored report.

Additional tests and private services available on request. See website for details and pricing.
